

April 26, 2018

Dear Parents/Guardians:

Exams are quickly approaching, and we want to make sure students understand the exam schedule and are prepared to do their best! We have tried to arrange exams so that there are no conflicts, but please let Mrs. Hawn know immediately if you find one. *Please remember to reschedule any appointments that will result in your child missing an exam*, as students are generally more comfortable and successful in a regularly scheduled test session.

Please review your student's exam schedule carefully with him/her and make note of the dates that their attendance is required. Information on the days and times of DCCC exams may be found at [www.davidsonccc.edu](http://www.davidsonccc.edu). The DCCC exams listed on the following table are subject to change. Please confirm your DCCC exam schedule with your instructor.

During the week of exams, students who do not have a review session or high school or college exam may stay home or leave early if they can afford to miss a day without putting their attendance (and final grades) in jeopardy. After the completion of a state test, students may bring their own reading material. The student's reading material must be a novel or other non-textbook, such as a magazine. Prohibited items include: textbooks, dictionaries, reference books, thesauruses, audio books, music, notes, testing aids, electronic devices.

If you have any questions about exams or your child's schedule, please do not hesitate to contact us. We appreciate your continued support for your child's academic success. We also thank you for encouraging preparation and for promoting healthy habits to help ensure your child is rested and well for their exam week.

Sincerely,

Jera Hawn
